

# 2025 Bulk Mulch & Soil Offer

## Lebanon, New Hampshire

### **Hemlock Mulch**

Straight hemlock with a bit of red pine bark added to create a classy aromatic mulch with reddish undertones.

Wholesale     \$68.00 Yard  
Retail         \$77.00 Yard

### **Black Forest Mulch**

100% natural cedar blended with environmentally friendly iron oxide creating a “jet-black” color.

Wholesale     \$68.00 Yard  
Retail         \$77.00 Yard

### **Cedar Mulch**

Noteworthy natural insect repellant. Warm, light-brown color. Nice scent, color fades to gray as it ages.

Wholesale     \$61.00 Yard  
Retail         \$69.00 Yard

### **Aged Dark Bark**

Pine and spruce aged and broken down for years. Double ground, dark, providing rich nutritional value, superior moisture retention and weed suppression. Aged minimum of 2 years.

Wholesale     \$61.00 Yard  
Retail         \$69.00 Yard

### **Playground Chips**

All-natural, 100% virgin engineered pine wood fibers that are great for both private and public playgrounds, parks, and walkways. Ideal for playground surfacing by providing excellent shock absorption that offers a beautiful appearance. Cost efficient and easy to install. ASTM-certified.

Wholesale     \$61.00 Yard  
Retail         \$69.00 Yard

### **Screened Topsoil**

No stones or clumps. Perfect for lawns and gardens.

Wholesale     \$73.00 Yard  
Retail         \$82.00 Yard

### **Seacoast Compost**

Made right here in New Hampshire, a nutrient-rich soil amendment made exclusively from natural sources approved for use in organic plantings by the NH Dept of Agriculture.

Wholesale     \$95.00 Yard  
Retail         \$105.00 Yard

### **Gardener's Supply Premium**

#### **Gardening Mix**

A custom blend of compost, sand, peat moss, and silt. Double screened, minimal clumps, and easy to work with. The perfect mix for raised beds, garden plots, and veggie plantings.

Wholesale     \$138.00 Yard  
Retail         \$146.00 Yard

### **Moo Compost**

A blend of composted manure and composted hard and soft wood bark. Provides nutrients, organic matter, microbes and nutrient-holding capability in all soils.

Wholesale     \$137.00 Yard  
Retail         \$147.00 Yard
