GARDENERS SUPPLY COMPANY

GARDENS can save the world. They nourish the body, elevate the spirit, build community, and make the world a better place. In 2021 we're doubling our donation dollars and volunteer hours to create more gardens and access to gardening! Launching late February at [gardeners.com/harvesthope](https://www.gardeners.com/harvesthope)

Harvest  Hope

Many of our products aren't available anywhere else. For over thirty years, our design + development team has been solving gardening problems and providing garden inspiration in creative new ways.

We donate 8% of our company profits to programs and organizations that are using gardening to improve the world.

Tall Modular Raised Bed

MANY SHAPES
& SIZES

There are so many benefits to these unique raised beds! Soil warms more quickly after a cold winter, their height makes it harder for critters to eat your plants, and you can maintain custom soil pH depending on what you're growing too! Create a row or a cluster, all the same height or get creative with all sorts of groupings.

Self-Watering Metal Raised Beds

3 SIZES
AVAILABLE

The secret to these beds? Hidden water reservoirs. Plus they're made of Aluzinc — a super durable coated steel, so they'll produce bountiful results year after year.

Curved Metal Raised Bed

Graduated depths let you grow a variety of veggies all in one attractive bed. Galvanized steel is rust-resistant and has a chic, vintage vibe.

VegTrug™ Covers, Frames and Accessories

COVERS, FRAMES &
SELF WATERING INSERTS
AVAILABLE IN TWO SIZES

Get an all-in-one kit or accessorize an existing VegTrug™ trough planter with greenhouse and insect covers, and new for 2021, a sized-to-fit self-watering reservoir!

Maxi Hoop Collection

Until now you had to stoop or crawl on hands and knees to access plants under a traditional hoop tunnel. No more! Our newest hoops are tall enough to walk under, and are available with ingenious clips to affix any fabric or shade cover of your choice!

Victory Self-Watering Planter Collection

NEW
COLOR

There's nothing this planter can't grow. Slatted sides and a fabric liner promote critical airflow, while an innovative self-watering system keeps plants thriving. Trellises and casters optional.

Titan Tomato Self-Watering Grow Bag & Trellis

5-GAL. SELF-WATERING
RESERVOIR

The first self-watering grow bag is here! And this one is paired with our steel-core tower to encourage tomatoes to grow taller, stronger, and tastier than ever before.

Self-Watering Grow Bag 22"

World's first self-watering grow bag right here! And what it can grow will blow your mind. It's a beastly 22" square. And it has a huge 5-gallon water reservoir tucked inside, to keep soil from evaporating, keep roots hydrated, and keep your plants growing like mad — even in the peak of summer!

Hemp Self-Watering Grow Bag Kit

Want to grow your own healing hemp?
We've created a kit just for you! Our
giant self-watering grow bag with
5-gallon reservoir, steel-core trellis,
plus 3 specialized fertilizers to
nourish your plant at every stage
of growth.

Outdoor Blackout Tent

Trick your hemp plant into flowering a second time (and double your harvest) by giving it a full 12 hours of complete darkness on those long summer days. Easy on/off, with a reflective exterior to prevent overheating.

Vigoroot 4-Tier Balcony Garden

This vertical garden delivers a huge harvest in the smallest space. Barely 10" wide, it snugs up against a wall and gives 4 tiers of possibilities! Generous 10" planting depth is ideal for a wide variety of crops, from herbs, to flowers, to salad greens.

Rolling 3-Tier Patio Planter

TWO COLORS:
TERRA COTTA &
GREEN

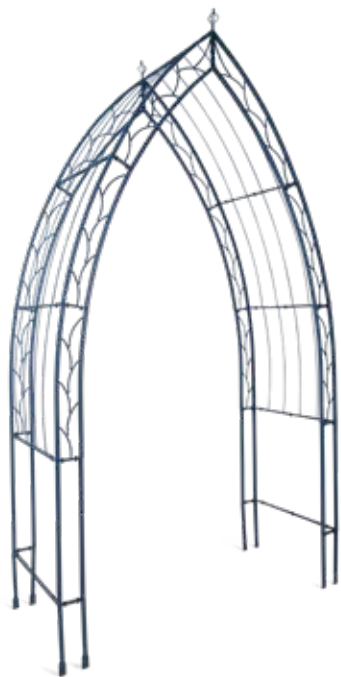

This self-watering rolling garden is another option that's perfect for urban spaces. Hidden reservoirs make it ultra-low maintenance, and a rear storage area is handy for tools and supplies.

Villa Obelisks

Add a pop of cornflower blue and dramatic flourish to the garden any time of year. Train climbing, flowering vines to grow skyward, or wrap these towers with twinkle lights for after-dark enchantment.

Villa Cathedral Arch

This dramatic arch brightens a landscape, even in winter. 9½' high and just over 5' wide, it's perfect as an entryway to the garden, a wedding arbor, or some colorful decoration!

Villa Half Arch

Its graceful curves yearn for a romantic vining bougainvillea, a bold clematis, or perhaps the dramatic passionflower. Whatever you choose, it's sure to look incredible! With your large planter on the platform, it will stay in place all season long. Or, you can use your own ground stakes to anchor it to a grassy or other unpaved area.

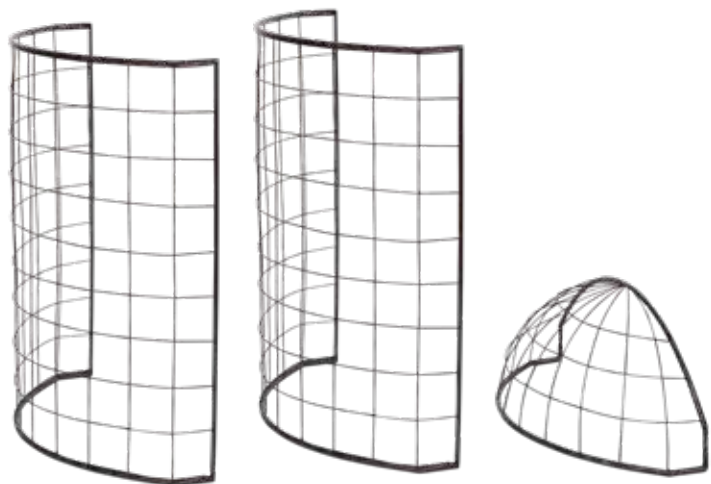

Gothic Collection

The gothic arch is not just for ancient cathedrals! It's also a perfect shape for the garden — adding a little flair without being over-complicated. Try these coordinating pieces for a cohesive look. Border edging set creates 6' of delineation; wall trellis is approx. 6' tall.

Jardin Bowed Wall Trellis

This domed, 3-part trellis keeps vines safely off the wall and ensures ideal airflow to plants. Punch up a blank wall or create a living window screen for some privacy!

Cable Wall Trellis

In two soaring heights, 9' and almost 13', the frame of this trellis disappears to put plants center stage. Can also be mounted horizontally. Stainless steel and PVC-coated braided cable.

It's the Dots Wall Trellis

Add a playful touch to a wall with this fun, contemporary 27" square trellis. Flat discs in complementary colors create dimension even before plants grow in. Try multiples to really liven things up!

Queen Anne's Lace Garden Stake Set

The delicate blooms of Queen Anne's lace adorn these darling Corten steel stakes. They'll arrive in their natural grey steel state, and weather to a rich, rust-colored patina. 9¾" and 12½" H.

Queen Anne's Lace Corten Steel Screen

Create wind cover or a hideaway from prying eyes with multiples of this charming screen. Let the Corten steel weather naturally or accelerate the process with a simple recipe. 26¾" W x 46¼" H.

Fairfield Planters & Window Boxes

The look of custom-crafted wood without the maintenance. Various shapes and sizes to add some classic charm to your home.

Brick Modular 5-Piece Planter Set

These interlocking self-watering planters create a whole wall of flowers. Integrated pegs keep them secure yet allow you to swivel them into different arrangements. Inner reservoirs with easy-fill, flow-through water system keeps plants happy and hydrated all summer long.

Galvanized Wash Basins

Pair a love of vintage decor and gardening in these classic planters. Perfect for an herb garden or to add welcoming color at the front door. Removable plugs for drainage. Set of 2, 16½" dia. and 19" dia.

Coco Fiber Pot 12" Set

These eco-friendly planters have an organic look. Natural coco fiber retains moisture to keep plants gorgeous all summer. Use them as is, or as moisture-retaining liners in your plastic or ceramic pots. 12" dia., lasts up to 3 years.

Garden Hose Storage Bag

Our innovative, waterproof bag organizes up to 100' of garden hose, nozzles, and connectors in one handy place. Large inner hose compartment and three exterior pockets.

Gardeners Watering Bag Tote

This leakproof bag has a flat bottom for easy filling, several sturdy handles, inner measuring guide, and a waterproof zipper to keep water contained as you tote it around the garden. Food-grade fabric.

Brushed Hose Pots

BRUSHED
BRONZE BROWN

BRUSHED
BLUE BROWN

Get rid of that unsightly tangled mess once and for all! Inner coiling guide, base drainage, and wide hose access port. Each holds up to 100' of hose.

Arden Grow-Through Plant Supports

Flower supports with flair keep blooms standing tall. Charming swirled finials add a playful, joyful air even before blooms appear. Powder-coated steel with a Roman bronze finish. 18" or 24" dia.

Arden Single Stem Support Set

TWO SIZES
AVAILABLE

Keep single-stem flowers from leaning and flopping with these single support stakes. Set of three 30" stakes or two 46" stakes. Powder-coated steel with a Roman bronze finish.

Scalloped Plant Supports

TWO SIZES
AVAILABLE

Rein in unruly blooms and make flower beds tidier without looking too boxy. The undulating curves add a lovely organic-sway and blend naturally with foliage.

Peacock Classic & Mini Plant Supports

TWO SIZES
AVAILABLE

Designed to last a lifetime, these superior support rings slide easily up the stake to keep pace with your plants. Glossy top finial is pretty and protects eyes too!

Stepping Stones

Create an instant, slip-free path with these textured, recycled rubber stepping stones. Sold individually. More designs online.
