GARDENERS SUPPLY COMPANY

GARDENS can save the world. They nourish the body, elevate the spirit, build community, and make the world a better place. In 2021 we're doubling our donation dollars and volunteer hours to create more gardens and access to gardening! Learn more at [gardeners.com/harvesthope](https://www.gardeners.com/harvesthope)

Many of our products aren't available anywhere else. For over thirty years, our design + development team has been solving gardening problems and providing garden inspiration in creative new ways.

We donate 8% of our company profits to programs and organizations that are using gardening to improve the world.
