

Glass Quilt Garden Panel, Circle & Rectangle

The Glass Quilt Garden Panel combines textured glass with perforated metal to create a unique piece of garden art. It makes the perfect backdrop and adds a pop of color to greenery.

Select a location to place your Glass Quilt Garden Panel that is protected from high winds and is away from children's play areas.

Important: The Panel must be installed in firm soil. Use your foot to press the bottom of the Panel as far into the ground as you can. Use the included stakes to secure the Panel to the ground.

Store the Glass Quilt Garden Panel indoors during winter months if you experience cold temperatures, snow or ice.
